Product Description

ABOUT:

Moringa seeds come from the Moringa oleifera tree, known as the "miracle tree" for its nutritional and medicinal benefits. These small, round seeds are encased in a shell with three papery wings. They can be eaten raw, roasted, or powdered for culinary uses, used in traditional medicine, and even employed in water purification. The seeds grow in pods on the moringa tree, which thrives in tropical and subtropical climates. It is widely cultivated for the diversified use of its young seed pods and green leaves as vegetables and for medicine.

Specification:

| Item | Value |
|---------------------|-----------------------------------|
| Variety | Oil Seeds |
| Product Name | White with Brown Seed |
| Storage Type | Dry /Cool Place |
| Specification | Whole Seed |
