3. Customer Requirement

### **Loading port:**

1. Chennai ,Krishnapatnam

### **Payment term :**

1. T/T (50 % Advance Rest 50 % Scan copy of BL)

## Product Description

---

### **Product Description:**

Barley is a versatile and ancient cereal grain belonging to the grass family, Poaceae. Known scientifically as *Hordeum vulgare*, barley has been cultivated for thousands of years and is considered one of the first grains to be domesticated by humans. This hardy crop thrives in a variety of climates and soil conditions, making it a staple in many regions around the world. Barley plants typically grow to about 2 to 4 feet tall and produce slender, upright spikes bearing rows of grains. The grains themselves are small, with a tough outer hull that can be removed during processing. Barley is valued for its nutritional content, offering a rich source of dietary fiber, vitamins, and minerals such as manganese and selenium. It plays a crucial role in the production of food and beverages, being a key ingredient in bread, soups, stews, and notably, beer and whiskey, where it is malted and fermented. Its ability to improve soil health and serve as animal fodder further underscores barley's agricultural importance. Whether used in traditional recipes or modern health foods, barley continues to be a vital and enduring crop in human civilization.

### **Specification:**

Item	Value
Variety	Cereal
Product Name	Barley
Storage Type	Dry /Cool Place
Specification	Whole Grain

<b>Product Type</b>	Cereal
<b>Manufacturer</b>	YAI
<b>Ingredients</b>	Barley
<b>Content</b>	Tasty Small grain
<b>Instruction for use</b>	Human Consumption, Industrial use
<b>Style</b>	Dry
