Product Description

About:

Toor dal, also known as arhar dal or split pigeon pea, is a widely consumed pulse in many parts of the world, particularly in India, Southeast Asia, and Africa. Toor dal originated in India and has been cultivated for centuries as a staple food source.

Toor dal is obtained by splitting and removing the outer skin of the pigeon pea, resulting in a yellow-colored lentil. The split dal is small, oval-shaped, and has a smooth texture. Toor dal is highly nutritious and provides several essential nutrients. Toor dal is a versatile ingredient and is used in a wide variety of recipes. It is commonly used to prepare dal, a popular lentil soup or stew in Indian cuisine. Toor dal has a mild, earthy flavor with a hint of nuttiness. It offers a subtle sweetness that adds depth to dishes. When cooked, it becomes soft, creamy, and easily blends with other flavors.
