Product Description

About:

Basmati is a variety of long, slender-grained aromatic rice which is traditionally from the Indian subcontinent. 2020-21, India exported to 65% of the overseas basmati rice market, while Pakistan accounted for the remainder. Many countries use domestically grown basmati rice crops; however, basmati is geographically exclusive to certain districts of India .

1121 raw rice exhibits remarkable elongation and fluffiness. The grains retain their individuality and do not stick together, making it perfect for a variety of rice dishes. The cooked rice has a delicate fragrance and a subtle, nutty taste that enhances the overall dining experience.

1121 raw rice is often preferred for special occasions, festive meals, and culinary masterpieces like biryanis and pilafs. Its delightful texture and pleasing aroma make it a favorite among rice connoisseurs and chefs alike.
