## Product Description

---

### **About:**

Sannam Chilli, also known as S4 Chilli or Capsicum Annum, is a popular variety of chilli widely cultivated and consumed in various cuisines. Sannam Chilli is native to India and is extensively grown in states like Andhra Pradesh, Telangana, and Karnataka.

Sannam Chilli is medium-sized with a conical shape and a smooth, shiny skin. It typically measures around 5 to 7 centimeters in length. When fully matured, Sannam Chilli turns bright red, indicating its spiciness and ripeness. Sannam Chilli is known for its moderate to high heat level, ranging from 15,000 to 30,000 Scoville Heat Units (SHU). It offers a well-balanced flavor profile with a moderately spicy and tangy taste. The heat is intense but not overpowering, allowing the flavors of dishes to shine through.
