## Product Description

---

### **About:**

Chana dal, also known as split chickpeas or Bengal gram dal, is a type of pulse commonly used in Indian and South Asian cuisines. It is made by splitting and removing the outer skin of chickpeas, resulting in small, yellow-colored lentils with a nutty flavor and a rich, earthy taste.

Chana dal is a popular ingredient in a wide variety of dishes, including curries, soups, stews, and salads. It is known for its versatility and can be used as a main ingredient or as a thickening agent in recipes. Chana dal is a staple in vegetarian and vegan diets due to its high protein content, making it a valuable meat alternative.
