## Product Description

### **About:**

**Ponni Boiled Rice** is a highly sought-after variety of rice, particularly popular in South India for its soft, fluffy texture and mild, naturally aromatic flavor. Named after the Ponni River that flows through Tamil Nadu, where it is primarily cultivated, this rice is favored for its easy cooking, non-sticky grains, and ability to absorb flavors, making it a versatile choice for a wide range of dishes. Ponni Boiled Rice undergoes a unique parboiling process where the rice is partially boiled in the husk. This method locks in essential nutrients, giving the rice higher levels of vitamins and minerals compared to regular raw rice.

Each grain of Ponni Boiled Rice remains separate and non-sticky after cooking, creating a fluffy texture that is ideal for recipes requiring distinct grains, such as fried rice, biryani, and pulao. With a natural resistance to spoilage due to the parboiling process, Ponni Boiled Rice stays fresh for longer periods, making it a practical choice for households and restaurants.
