1. 3kg / 5kg - Carton Box

2. Customer Requirement

Loading port:

1. Chennai

Payment term:

1. T/T (100 % Advance)

Product Description

About:

Guava, scientifically known as Psidium guajava, is a tropical fruit. It belongs to the Myrtaceae family. Widely cultivated in tropical and subtropical regions around the world, guava fruits can range in size from as small as an apricot to as large as a grapefruit. Various cultivars have white, pink, or red flesh; a few varieties feature red (instead of green or yellow) skin.

Guavas are known for their captivating sweet-tart taste. Guavas are a nutritional powerhouse. Guavas are incredibly versatile in the kitchen. They can be enjoyed fresh as a snack, sliced and added to fruit salads, or blended into smoothies. Guava juice, jams, jellies, and preserves are popular creations. In some cuisines, guavas are used in savory dishes, salsas, and even as a meat tenderizer due to their natural enzymes. Guavas have cultural significance in various parts of the world. They are used in traditional remedies and herbal teas.
