## Product Description

### **About:**

An orange, scientifically known as *Citrus x sinensis*, is a globally recognized citrus fruit renowned for its vibrant color, tantalizing aroma, and delectable taste. Encased in a smooth, bright orange peel that shields the precious interior, the orange is a fruit that captures the essence of both visual appeal and gustatory delight.

The moment the peel is removed, the sight of the orange's segmented flesh comes into view. Each segment, often referred to as a "supreme," is a miniature taste explosion waiting to happen. The orange is not just a treat for the taste buds; it's also a nutritional powerhouse. Bursting with vitamin C, an essential nutrient for immune support and skin health, the orange offers a natural boost to your well-being
