Product Description

About:

Nerium oleander, commonly known as oleander, is a versatile and attractive evergreen shrub that belongs to the Apocynaceae family. Renowned for its vibrant and showy flowers, oleander is a popular choice for landscaping in various climates.

The flowers are the highlight of the oleander plant, occurring in clusters at the end of branches. They come in a range of colors, including white, pink, red, and yellow. Oleander flowers are often pleasantly fragrant, contributing to their appeal. Oleander can vary widely in size, with mature plants reaching heights of 6 to 12 feet, and occasionally more, depending on the variety. Oleander typically produces abundant flowers during the summer months, creating a spectacular display of color.

Specification:

Item	Value

Type	<i>Nerium oleander</i>
Texture	Soft
Product Name	Natural Colourful Flower
Style	Stylish
Cultivation Type	Common
Colour	Mixed
Crop Year	Recent
Place of Origin	India
