### **About:**

Moringa oleifera, commonly known as moringa, is a plant that is native to parts of Africa and Asia. The leaves of the moringa tree are particularly valued for their nutritional content and potential health benefits. It is small to medium-sized, with a vibrant green color.

Moringa Leaf feathery, with small leaflets arranged in pairs along the stem. The leaves are elliptical or ovate in shape, and their appearance is reminiscent of fern leaves. Moringa leaves are incredibly nutrient-dense and are a rich source of vitamins and minerals. Moringa leaves are commonly used in various culinary applications, particularly in South Asian and African cuisines.
