Product Description

Jamun has always been on the top in fighting diabetes, its seeds are believed to be no less. Jamun is an evergreen tropical tree in the flowering plant family, Myrtaceae, that is native to India, Bangladesh and Indonesia. Jamun seeds are known to be used in various alternative healing systems like Ayurveda, Unani and Chinese medicine, especially for digestive ailments. Jamun seeds reduce the blood glucose level significantly and also regulate the insulin levels.

Benefits

- Jamun powder are known to be great healing medication for diabetics
- It helps to regulate the body insulin level
- It is a powerful anti-oxidant
- It lowers the blood pressure
- It plays a key role in cleansing the digestive system
- It also used to treat ulcers and common stomach problems
- They also contain many flavonoids, phenols and are rich in protein and calcium.
