Product Description

Moringa oleifera tree has been considered as one of the most nutritious plants ever discovered with most of its benefits concentrated in its small green leaves. As is evident from its name, moringa powder is made from the freshly harvested leaves of the moringa oleifera tree. Fresh moringa leaf powder is deep green in color and has a the moringa smell. This powder is prepared by drying the moringa leaves at low temperature such that the plant tissue reaches a fine powdered consistency.
